A report had been received from County Cllr Hudson.

Cllr Rowland reminded the Council of the Babergh Town and Parish Liaison meeting due to take place on Tuesday 20th October 2026, 10am to 12pm at Sudbury Town Hall.
Cllr Ward expressed the difficulty councillors face attending meetings held during the daytime. Cllr Rowland advised he will happily forward any comments, issues and resolutions that may arise from the meeting to the Council.

ACTION: The Clerk is to research Community Emergency Plans and determine what would be involved in developing a Plan for Copdock and Washbrook.

Cllr Rowland advised he had observed three HGV's, including a 40ft tanker, queuing on Swan Hill, at the time of the recent car fire there. The HGVs had ignored/not seen the two newly installed 7.5t

3200/2627 BROCKLEY WOOD UPDATE

There were no specific updates.

Cllr Ward advised there had been one HGV transgression in Bentley but none in Copdock and Washbrook. The next quarterly liaison meeting is scheduled to be held on 20th October; Cllr Tyrrell agreed to attend as the Parish Council representative.

3201/2627 20MPH SPEED LIMIT IMPLEMENTATION: to AGREE Construction of the Scheme at an Estimated Cost of £7,702.46 +VAT

The Council expressed a desire to obtain a detailed cost breakdown of the Scheme, given that it had only been provided with an estimate figure back in January which included a 15% contingency, without any supporting detail. The Council also agreed to ask Suffolk Highways to clarify whether other contractors can be used to install the Scheme as long as they are Suffolk Highways accredited to work on the highway.

ACTION: Cllr Ward is to ask Suffolk Highways to provide a detailed cost breakdown of the Scheme to support their estimate and to ask if other contractors can be engaged to install the Scheme.

The Council noted that the local press had reported on the introduction of the 20mph scheme and Suffolk County Council's sign-off.

3202/2627 JUBILEE MEADOW: The Brook (dredging of)

Cllr Ward advised he continues to chase Suffolk County Council Farms to complete the gabion works.

3203/2627 ACTIVE TRAVEL SCHEME UPDATE

The Suffolk County Council Active Travel Scheme team (the team) has advised that they now have some agreement on a way forward with a design. The Road Safety Audit had raised concerns about the number of vehicles needing to cross the proposed cycle route to access individual driveways. Although the team had been aware that this would be a consideration, the audit prompted the designers to explore an alternative option with the cycle path on the south side of the road, where there would be fewer accesses to deal with. The team is hoping to have the majority of the design process completed by spring.

It should be noted there is currently no funding for a scheme to be put in place.

Cllr Ward advised he had expressed extreme frustration with the team, noting that two years down the line, there is still no firm progress having been made. He has pointed out to the team that although the southbound carriageway may have less residential properties along it, there are at different points 1) a busy lorry park with huge HGVs accessing the site all day long; 2) a busy Mill /retail site at Gladwells and 3) an incredibly busy leisure site, all of which cyclists and pedestrians would have to traverse.

The team has advised that their detailed design, at present, is focussing on the Old London Road between the Tesco underpass and Roman Road (a scheme to provide a Copdock-to-Copdock accessible route!); their long term aspiration is to provide a route through to Capel St. Mary but that comes with the additional challenge of the need to acquire private land, in part, to deliver the scheme.

From the very outset of the Capel St. Mary to Copdock Active Travel Scheme proposal, the Parish Council has consistently raised and stressed the very issue of the need to acquire privately owned land only to be repeatedly told that it wasn't a problem.

3204/2627 PLAY AREA MAINTENANCE

The Parish Council agreed to continue to seek someone to undertake the minor repairs and maintenance works.

ACTION: The Clerk is to contact the Clerk to the Parish of Capel St. Mary to ask if they have an annual maintenance contract with a play equipment company and if they know of anyone who could undertake minor works.

3205/2627 MILL LANE PLAY AREA IMPROVEMENTS

Cllr Ward advised that Kompan intend to begin the installation of the new play equipment mid-November. A pre-start meeting is to be held on Wednesday, 21st October 2026.

The Council unanimously agreed that the fencing works are of the utmost importance and agreed that replacing the broken wooden fence with a metal fence will be better fit for purpose.

The Council considered two quotes for the replacement fencing; the Council unanimously agreed to accept the quote received from Green's Landscape Services of £9.3k to install 1.2m high metal fencing. The acceptance of the quote will be subject to the proposed works meeting relevant legislation.

ACTION: Cllr Ward is to instruct Green's Landscape Services to remove and dispose of the old fencing and to install new metal fencing.

The Council considered three quotes for the tree works; the Council unanimously agreed to accept the quote received from Moser Groundcare for £7.7k +VAT.

ACTION: Cllr Ward is to instruct Moser Groundcare to undertake the tree works.

3206/2627 CWPC RISK ASSESSMENT 2026

Cllr Moon has completed the Copdock and Washbrook Parish Council Risk Assessment 2026. The Council thanked him for completing the works.
